Nation-Wide Coal Strike In Full Swing

Walk-Out 100 Per Cent Effective, Reports Union Headquarters—Government's Attitude, No Profiteering, No Violence, Fight It Out.

By Telegraph to The Freeman.
Washington, April 1.—Without hurry and without excitement, there began today the greatest labor tie-up in the nation's history—a tie-up involving at the outset approximately six hundred thousand bituminous and anthracite coal miners, and affecting directly every avenue of business and industrial life.

From Pennsylvania to the northwest, and from the lakes to the gulf, the nation's unionized coal mines in twenty states were idle today. Only in the comparatively restricted area of the non-union mines were picks still being swung and cars shuttling coal to the railroads.

Under the watchful eye of the government, the gigantic tie-up will

be allowed to run its course, to become the long-awaited "show down" between capital and labor in the basic coal industry. Having failed in all efforts to persuade the coal operators to negotiate with the miners there was nothing left for the government to do, officials said, but warn both sides to sit back to await developments.

"To the mine owners: No profiteering. To the miners: No violence. Let 'er go!" might well have been the message sent out from Washington to the opposing sides.

Indianapolis, Ind., April 1.—Strike of America's half million and more coal miners was on full swing today.

The strike, according to reports reaching international headquarters of the United Mine Workers, is virtually 100 per cent effective.

BRINNIER ENDORSES FERRY CLAIM BILL

Is a Good Measure, He Says, Because It Shifts to State Some Of Damages Which Under Law Of Eminent Domain County Will Have To Pay—Damages Due Not For Ferry And Franchise But For Docks And Lands.

Kingston, N. Y., March 31, 1922.
To the Editor of the Freeman:

I have noticed several communications and resolutions adopted by the different boards of trade in reference to the Skillyport bill pending before Governor Miller.

It seems strange that municipal bodies and boards of trade should adopt any such resolution. Under the law of Eminent Domain, when private property is taken for public purposes the owners of the property must receive the value of the land taken and also such damages to the remaining part of their land as a commission should determine they were entitled to.

The taxpayers of the county must pay for the land taken and the damages to the remaining lands as the law now stands.

Under this bill, it provides that the state must pay such portion as a commission shall determine. In other words, the bill relieves the county of a large part of the damage, which would surely inure to the benefit of the taxpayers of this county. I made inquiry and learned that the county has not paid for the land now being used for the new highway leading from the main road to the bridge. The owners of that property could have insisted upon their being paid for the land and the damages before any work could have been done on the road. I understand they have not done this.

It strikes me the bill of Senator Walton and Assemblyman Van Wageningen, now pending before the governor is a good bill and will save the taxpayers of the county of Ulster a great many dollars. There is no question but what the owners of the property will be entitled to the damages for the land taken and also the consequential damages by reason of the taking. It is not the value of the ferry and its franchise, it is the docks on either side of the creek, and the land left down in a gully where they have filled in for the roadway and the depreciation in the value of the lands they own by reason of the change of the route of the highway. I think the passage of the bill by the legislature was a great thing for the taxpayers of the county of Ulster as it will relieve them of a large part of the damages that the owners of the ferry and the lands taken will be entitled to. There is a peculiar situation as to this ferry, as I do not know of any ferry property situated like this where the owners of the land own the approaches to the bridge and have a legal claim for damages. The Common Council of the city and the various boards of trade who have adopted resolutions opposing the bill should re-consider the same unless they feel that the taxpayers of the city of Kingston and the county of Ulster should pay all the damages and expenses in connection with this. I am a taxpayer of the county and have given this matter considerable attention and if the various bodies understood this situation, they would not hesitate to re-consider their resolutions and opposition to this bill. I am in favor of the bill for the reason that it will relieve the taxpayers of the county of the payment of considerable sums of money. I cannot see that it matters whether the governor signs the bill or not so far as the owners of the property are concerned. It is a question whether the county pays the entire bill for damages or the state pays a portion of the same and I think a commission would say the state would pay the largest portion of the same because this bridge is practically a

NIGHT SCHOOL ENDS NEXT WEEK

The night school which has been conducted by the board of education at the high school during the winter months will be discontinued next week when the 80th week is completed. The school was opened with about 70 registrations and this has gradually dropped until there are now about 25 in attendance. As the spring weather comes this attendance will decrease and the board has decided to close the school at the end of the 80th week. The school must be conducted for that period of time.

Some excellent results have been received this season and the school has proven a great success. Many of these registered are foreign born people who are seeking some education or who are studying American history. The class in Americanization has been a great help toward instructing foreign born residents prior to their taking out citizenship papers.

LINSON CASE IN SPECIAL TERM

Board of Public Works Doesn't Deny His Statement of Facts But Contends Board On Jan. 1 Had No Power to Appoint Him For One Year.

The mandamus proceedings taken by John J. Linson against the board of public works and other city officials, to be reinstated as assistant secretary of the board, to which he was appointed on January first for a period of one year, were heard by Judge Hashbrouck at today's regular monthly special term of the supreme court. Ex-Mayor William D. Brinnier appeared for Mr. Linson; Corporation Counsel Walter N. Gill appeared for the city.

There was no dispute regarding the facts set forth in Mr. Linson's motion papers for a peremptory writ of mandamus, but the petition of the board of public works, which was filed on January 1, 1922, at the meeting of the board of public works on January first, when he was re-appointed for one year, the board was composed of Mayor Walter P. Crane, Samuel M. Watts, David Burgevine, Alva H. Staples and Seligman Oppenheimer. In February, Messrs. Watts, Burgevine and Staples resigned, and Mayor Crane appointed Frank B. Matthews, William H. Van Eiten and John Hillebrand as their successors. At an executive meeting on February 17, the board as now composed appointed Simon Winchell assistant secretary. Mr. Linson has reported for work each morning but has been informed there was no work for him to do.

CENTRAL HUDSON BEGINS SEASON ON TUESDAY

The steamer Tremper of the Central Hudson Steamboat Company will make its first trip from Newburgh to Albany on Tuesday of next week.

This season boats will leave Kingston for New York at 4 o'clock daily except Saturday and on Sunday at 11 o'clock. Daily trips will be made from New York to Kingston at 4 o'clock except Saturday and Sunday.

state matter and it should pay the bill as the bridge was built to connect the state highway system over the Rondout creek.

WILLIAM D. BRINNIER.

TEACHERS' PAY TOTAL UP \$5,000

Committee Report Based On Schedule Fixed Some Time Ago Is Adopted By Board Of Education.

The teachers' committee of the board of education at the regular meeting of the board held Friday night at the high school submitted their report on teachers' salaries. Trustee Gill of the teachers' committee offered the report which was adopted by the board. The salaries are in some cases slightly larger than paid last year, but the total amount for salaries in the city will only be about \$5,000 more than last year.

The report of the teachers' committee is according to the schedule fixed by the board at a meeting held some time ago.

The report follows:

To the Honorable The Board of Education, Gentlemen:

Your teachers' committee respectfully submits the following report. In offering this report we wish to state that we have applied the salary schedule in determining the salaries set opposite the name of each teacher.

It will be recalled that the minimum salary fixed by our schedule for elementary school principals, seven years or over, is \$4,000 with eight annual increments of \$75 each, making a maximum of \$2,000. The minimum salary of elementary school principals, six years or under is \$1,000 with eight annual increments of \$75 each. The minimum salary of elementary school teachers is \$1,000 with eight annual increments of \$50 each, making the maximum \$1,400. The minimum salary of the high school principal is \$2,300 with eight annual increments of \$100 making the maximum \$3,100. The minimum salary of male high school teachers is \$1,400 with eight annual increments of \$75 each, making the maximum \$2,000. The minimum salary of female high school teachers is \$1,150 with eight annual increments of \$75, making the maximum \$1,750.

Since your committee met to prepare this report, Miss Sienier, the teacher of physical training, has been employed in a similar position in the city of Newburgh. Mr. Newton, teacher of mathematics in the high school, has accepted the position of superintendent of schools at a salary of \$4,000 a year. In Baldwin, L. I. Mr. MacIntyre, another high school teacher of mathematics, has accepted a position to teach mathematics in Yonkers at a salary of \$2,400. Miss Gorton, teacher of drawing in the high school, has accepted the position of supervisor of drawing at Mount Kisco at a salary of \$1,500. In expressing our regret at the loss of these teachers, we believe we also express the regret of the entire board.

In conformity with the schedule we therefore recommend the employment of the following principals, supervisors, teachers, clerks, attendance officers, medical inspector and nurse at the salary set opposite the name of each.

REGULATE DANCES AT HIGH SCHOOL

Committee of Board of Education to Pass on Applications—Law About Seller Holding City Office Causes One Trustee to Refuse to Sign Bill.

At the regular monthly meeting of the board of education held Friday night at the high school, Trustee Grace W. Beiz, appointed by Mayor Crane to fill the vacancy caused by the death of Joseph M. Schaeffer, was present. All of the trustees were present except Trustees Herbert and Hal.

Leave of absence was granted by DuBar, science teacher at the high school, for one year beginning with the closing of schools in June, 1922, and expiring when schools open in September, 1923. Mr. DuBar's health is not good and he seeks a year's leave for a rest. Leave was also granted Miss Rosecrane until after the Easter vacation on account of illness.

The supplies committee was authorized to investigate the purchase of a piano which is now in School No. 2, and report to the board. The piano if purchased will be used at School No. 1.

The pay roll for March amounting to \$19,083.55 was audited and ordered paid. Bills amounting to \$31,167 were also audited and ordered paid. Trustee William D. Brinnier refused to sign two bills which were presented by persons who held public city offices at the time the goods were ordered, on the grounds that under a recently discovered law persons serving on a city board or holding a public office could not sell merchandise to the city. The bills objected to were not audited last night.

On motion of Trustee Brinnier, of the supplies committee, the secretary was authorized to advertise for bids for coal.

A similar resolution was offered in regard to general supplies but was objected to by Trustee Van Wageningen, who amended the resolution to have the committee instead of the secretary solicit the bids, this being the regular form which has been used for years by the board. The effect is the same, the secretary doing the work. The resolution as amended was carried.

Throughout the meeting there were numerous debates but the price debate of the evening took place when Trustee Van Wageningen, under the head of new business, offered a resolution that no more dances be held in the high school building unless permission was first secured from the board of education, and then that these dances be under the supervision of the board. Trustee Gill seconded the motion for adoption of the resolution. Trustee Van Wageningen stated that dances had been held too frequently and held too late and that there should be restrictions.

Trustee Brinnier objected, stating that dancing was a thing which the children should be allowed, and moved the resolution be laid on the table. This, he said, would bar non-dancing in the high school unless a permit was given by the board. After a debate Trustee Van Wageningen amended his resolution to read that no "evening dancing" should be held in the high school without permission of the board and that the dances should be supervised and regulated by the board. This was carried by the board and then Trustee Brinnier moved that a committee be appointed to act on applications for holding of dances. The matter was finally referred to the rules committee who will hereafter act on all applications.

Practically the entire board agreed that the time had come when the dances in the high school should be regulated by the board.

The report of Superintendent Michael was received by the board and adopted.

The board adjourned at 9:50.

M. E. LAYMAN'S ASSN. ELECTS ITS OFFICERS

At the laymen's conference Friday, in connection with the New York Methodist Conference being held at Poughkeepsie, the following were elected officers of the Laymen's Association: Everett S. TROUT FISHING CONDITIONS BAD FOR SOME TIME

Although the trout season opened today few fishermen braved the icy waters of the mountains. The few warm days of last week raised high hopes among local anglers but the snow of the past couple of days chilled their hopes of an early fishing season. The wet snow will make fishing bad for several days as the streams will raise too high and the water will be too cold for the speckled beauties to take the hook. Trout fishing will not be good until the snow water is gone and the streams warm up considerably.

SUNDAY KINGSTON WILL CELEBRATE

Its Fiftieth Anniversary As an Incorporated City With Appropriate Exercises in High School—Artistic Program is Printed and Will be Distributed.

Kingston will celebrate its fiftieth anniversary as an incorporated city Sunday evening in the auditorium of the Kingston High School when an appropriate program will be rendered.

The committee has prepared and had printed what probably is the handsomest souvenir program produced in Kingston in many years. Upon its cover are emblazoned the stars and stripes and the coat of arms of the city. The latter consists of three perpendicular and parallel bars, red, white and blue. Upon the central bar is a palm branch, the seal adopted by the village trustees as the village seal upon the incorporation of the village, under the act signed by Governor George Clinton in 1805. It is said by flag makers to be the finest city flag in the country in beauty of design and simplicity of execution. Every person attending the meeting at the high school will be given one of these programs by the ushers, who are Morris Sauter, Andrew Cook, Addison Cardee, Everett Fossenden, Herman LaTour, John Matthews, W. C. Dutton and Irving Rose.

The program consists of fourteen pages, and in addition to the above matter contains information which adds to its value as a memento of an important anniversary in the city's life.

The program for the evening follows:

The Hon. Walter P. Crane, mayor of the city, presiding.
Orchestra, prelude.
High School Orchestra.
America.

Invocation—The Rev. Rev. Dean John J. Hickey, rector of St. Mary's Church.

Onward Christian Soldiers.
Scripture Lesson—XXIII Psalm.
The Rev. Bernard M. Kaplan, rabbi of Congregation Emanuel.

Historical Address—The Hon. Alphonso T. Clearwater, LL. D., historian of the city.

Abide With Me.
Address: The Rev. Frank B. Seely, D. D., pastor Fair Street Reformed Church.

How Firm a Foundation.
Benediction—The Rev. Charles G. Ellis, Ph.D., pastor Rondout Presbyterian Church.

The 1872 Officials.
The present city officials are as follows:

Ex-Emperor Charles Dies In Madeira Exile

Doctors Thought Him Recovering From Lung Congestion When Relapse Came—Fate of Hapsburgs Pursued Him After Dethronement.

By Telegraph to The Freeman.
London, April 1.—Former Emperor Charles of Austria-Hungary died today at Funchal, Madeira, after an illness of several weeks, according to a Renter despatch received here.

Death came after a night which gave a false hope of life. The inflammation in the lungs had subsided. Physicians at his bedside stated that his chances were better

then they had been at any time since his illness became critical.

Then came a relapse—and the end. The dethroned ruler was a prey to the ill fate that for centuries has hovered inevitably over the House of Hapsburg. Although no longer wielding a scepter over the now dissolved empire, yet he died still the legal king of Hungary.

The wave of democracy that swept over the Central Empires after the war had taken his emperor's crown from his head, but to the end he stoutly refused to abdicate the throne as king of Hungary.

SHUBERG STRUCK BY SCOTT'S CAR

Injured Man in Benedictine Hospital and Scott is Held to Await Action of Grand Jury on Charge of Driving His Car While Intoxicated.

William C. Shuberg, of 263 Hasbrouck avenue in the Benedictine Hospital badly injured and James W. Scott of No. 33 Warren street is held to await the action of the next grand jury on a charge of driving his Ford car on Broadway while in an intoxicated condition.

Several days ago the big Broadway sewer broke near the Kingston City Hospital and the Willie pavement sagged down, forming a hole in the roadway. The board of public works immediately started excavating and Shuberg was one of the laborers employed in the work.

Friday afternoon about 4 o'clock Scott, who is a salesman in the employ of Everett & Treadwell, the wholesale grocers, was on his way to the Kingston City Hospital to see his wife, who recently underwent an operation at the institution. He was driving in his Ford car.

Near the excavation on Broadway Scott's car suddenly veered to one side, striking Shuberg and crashing through the barrier that encircled the excavation and hurling Shuberg into the hole which is about fifteen feet deep.

Scott escaped uninjured, although his car was somewhat damaged.

Among those who heard the crash and rushed to the scene were Harry Colburn, in front of whose store the excavation was made, Letter Carriers Charles Johnston and Kolts, Policemen Urban Healey and Guernsey Burger and others who assisted in getting Shuberg to the surface, when he was rushed to the Benedictine Hospital and attended by Dr. John F. Larkin.

Shuberg's head was cut and he was injured about the body. It will be several days before the full extent of his injuries are known as he may be injured internally.

Officers Healey and Burger placed Scott under arrest on a charge of driving his car while in an intoxicated condition and escorted him to police headquarters, where he was later furnished by Mr. Niles for his appearance in court today.

According to the police, Scott was so drunk that he could not stand unassisted.

This morning in police court Scott, who was sober, was in court with his attorney, Newton H. Fossenden, who waived the reading of the information and asked that Scott be held to await the action of the next grand jury.

Judge Schirck fixed the amount of the bail at \$750, which was later furnished.

If Shuberg's injuries prove more serious than expected an even graver charge will be lodged against Scott. It is said that Scott is a young man of good habits and he was not known as a drinking man.

KINGSTON CADETS TO GET FLAG AT ST. JOHN'S

This evening the Kingston Cadets will be presented with an American flag at the parish house of St. John's Church, presided by their regular drill. The Kingston Cadets of St. John's Church will meet tonight at the drill room in St. John's Parish House. First call, 7 o'clock.

All boys of Kingston, 12 years old and over, who would like to receive military instruction are invited to join the cadets.

At 8:30 o'clock, a regular army American flag and standard will be presented to the cadets by the Men's Club of St. John's Church, Captain T. A. Horton making the presentation.

All members of the Men's Club, and all friends and parents of the boys, as well as those of the public interested, are cordially invited.

FIRE DESTROYS ORIENTAL HOTEL

Big Hotel At Kingston Point Presumably Wiped Out By Blaze That Was Visible For Miles—Fire Of Supposed Incendiary Origin As Hotel Was Unoccupied.

The big Oriental Hotel at Kingston Point was practically destroyed by fire of supposed incendiary origin Friday evening shortly after 9 o'clock. During the winter months the hotel is closed and at the time of the fire was unoccupied. It is thought that the fire started in the dancing pavilion on the south side of the building.

When the fire was discovered an alarm was turned in from Box 15, to which the fire department responded. By the time the fire was discovered and the fire department arrived on the scene the building was a mass of flames.

The blaze was one of the most spectacular in some time and at first it was thought to be the ice house at Kingston Point. Some time ago one of the ice houses there was destroyed by fire of incendiary origin. The blaze from the burning hotel illuminated the skies for miles.

The hotel, which was located on a bluff overlooking Kingston Point Park and the Hudson river, was of frame construction three stories in height. On the first floor was located the dining room, grill and kitchen and to the south was the dancing pavilion. The upper floors were used as bedrooms and the hotel was very popular during the summer season.

It was erected when the park was opened about twenty years ago, by the Hoffman Brewing Company. It stood on ground leased from the Hutton Company, and originally cost about \$10,000 to build. The loss is partially covered by insurance.

At the time it was built the hotel was managed by Michael Dippold, who conducted it during the summer months for a number of years. George Palmer, who at one time ran the Mansion House at Broadway and Strand, also had the hotel for a season or so. Perry Byrne conducted the hotel the last two seasons.

As the hotel was closed when the summer season ended last year there is every indication that the fire was of incendiary origin. Fire Chief Chipp today conducted an investigation in an effort to ascertain the cause.

As the big pump of the fire department was on the way to the fire a fire was thrown at Delaware and Knox avenues, but the pump was able to proceed on to the Point, where it was placed in commission and did good work in throwing streams of water pumped from the river on the burning structure.

When the fire was extinguished and effort was made to move the pump it was found that the heavy machine was fast in the mud and could not be moved under its own power. This morning the pump was released from the mud, but only after a great deal of work by members of the department.

A little cooked chicken left from a previous dinner will make a most tasty dish of

one teaspoonful of salt and a few dashes of cayenne. Line timbale molds with buttered paper, fill with the chicken mixture and cook twenty minutes in a pan of hot water in a moderate oven. Unmold on a hot plate, add two tablespoonfuls of fresh cooked peas and pour over a mushroom sauce.

Grape Parfait.—Take one-half cupful of grape juice, three-fourths of a cupful of sugar, cook until it boils from the spoon, then pour over a stiffly beaten egg white, heating the mixture constantly until it is cool. Add one cupful of thick cream, adding one-half cupful of grape juice and one-fourth of a cupful of lemon juice. Freeze. Fill a sherbet glass two-thirds full and garnish with whipped cream.

Cheese and Endive Salad.—Take cream cheese, roll into small balls and sprinkle with paprika. Make a nest of well-washed and drained endive, add the cheese balls and just before serving pour over a French dressing.

Boston Prune Pie.—Soak one pound of prunes in water to cover over night. Stew them in the same water until tender. Remove the stones and rub the fruit through a strainer, flavor with grated orange rind and orange juice. Add sugar to sweeten and to each cupful of prune pulp allow two eggs and one-half cupful of cream. Beat the yolks, add a little salt and fold in the stiffly beaten whites. Line a pie pan with a rich paste, to a in the mixture and bake until firm.

Hot Apple Pie.—Bake a pastry shell, fill with hot well-seasoned apple sauce, adding plenty of butter. Cover with a meringue and brown in the oven. Serve with a strip of American cheese.

Olive is Ancient Fruit. It is doubtful if there are many fruits that have been known to man longer than the olive. Records show it was cultivated by the Egyptians more than 4,000 years ago, and olives and the olive tree are mentioned often in the Bible and all ancient writings. Asia Minor is supposed to have been the original home of the olive. The trees often reach a great height and a very old age—some of them in parts of southern France being nearly 2,000 years old.

ASSOCIATION NATIONAL ADVERTISERS
New Stock Exchange Building, Philadelphia

Secretary of Labor Davis is working out a plan whereby all the facts regarding impending strikes will be presented to the public from an entirely disinterested point of view. Heretofore both sides to labor controversies have issued highly colored statements, each of which, taken by itself, carried conviction. It was impossible for the ordinary reader to form an unprejudiced opinion on the merits of the case. But it is the public that must bear the brunt of all the inconvenience and suffering incident to strikes, and the public is entitled to know where the blame lies. Mr. Davis will supply a long needed want when he issues his unbiased statements, and the popular judgment that they will bring forth will go far toward bringing about settlements in industrial disputes.

"FLAPPERS" OF OLD TIME.

It seems that flappers flourished in the very high noon of Queen Victoria's reign. The tradition that perfect female propriety was practically universal in the mid-Victorian era is pretty rudely shaken by the London Saturday Review's reprint of the following, written in 1868 by Mrs. E. Lynn Linton, the British novelist:

The girl of the period is a creature who dyes her hair and paints her face as the first articles of her personal religion; whose sole idea of life is plenty of fun and luxury; and whose dress is the object of such thought and intellect as she possesses. The girl of the period has done away with such moral multifariousness as consideration for others, or regard for counsel and rebuke. If a sensible fashion lifts a gown out of the mud, she raises her midway to her knees. Talking slang as glibly as a man, and by preference leading the conversation to doubtful subjects.

While the record-breaking flappers of the present will laugh gleefully over this, their elders and de-throned guardians will despair. And yet the latter might have known that the like of this could be found in the records of mid-Victorian and all previous times. In every period youth has revolted, while age has looked on with sharp and too often unavailing criticism. This was and is inevitable for the simple reason that youth is youth and age is age.

RUSSIA'S TROUBLES.

Emma Goldman was a champion of the Bolshevik revolution and it was partly because she advocated something of the same sort in this country that she was deported in December, 1919. After two hard years of disillusion in Russia she managed to make her way to Sweden. Now she is writing to the New York World from Stockholm on "Failure" of the Russian revolution.

A failure which she attributes largely to the "senseless and cruel methods of Lenin and Trotsky which have killed the revolution and placed the yoke of despotism upon the people's neck." In her first article in the World of March 27 Miss Goldman says the revolution for which the Russian masses suffered such martyrdom has "died an agonized death" and now "lies discredited and besmirched" by the tactics of those leaders.

As for the wretched, despot-ridden people themselves, their wall is that "all rulers are alike—the poor must always suffer." They are in despair, looking for no help. "Cynicism and coarseness have taken the place of idealism. All inspiration has been paralyzed; popular interest is dead; indifference and apathy are dominant. It was the internal policies of the Bolshevik state that alienated the Russian people from the revolution and filled them with hatred for everything emanating from it." Emma Goldman denounces the despots who have brought economic ruin upon Russia and enslaved its people in the name of freedom, equality, communism and socialism, but it re-

maina to be seen whether she has revised her own anarchistic views. It is too much to expect that her eyes are opened and that she has been converted to true ideas of representative democracy. Doubtless she thinks that if she had had the chance of the soulless Lenin, Russia would now be a happy land.

Burroughs Nature Club Notes

What do you want to know about Nature Subjects? Send any questions of general interest to the Nature Notes Dept. of this paper. Look for answers in this column.

Can You Answer These Questions?
1. What color are crows' eggs?
2. Do moths and butterflies feed after coming out of the cocoon?
3. Kindly advise through your valuable paper what the vital part is of a 800 to 1,000 pound bear, that a 22 calibre bullet can kill almost instantly.

Answers in Monday's Nature Notes.

Answers to Previous Questions.

1. Is not any good as fertilizer? Not very good, though it has in its composition some potash such as is found in wood ash. The carbon in the soot is not beneficial as fertilizer.

2. What makes a chameleon change color?

We don't know the mechanics of the change. It is supposed to be influenced by light and temperature, but emotion has an active part in making the skin change hue. The so-called chameleon, which is a lizard, is light green when asleep, with white underneath. When angry or frightened it turns emerald. Under quiet conditions, and in bright daylight, it often looks brown or bronze. In fainter light, yellowish or grayish. The skin does not change color to match the background.

3. If it is true that chimney swifts never roost during the day, how do they roost at night? They don't roost in the sense of perching as most birds do, but cling to the inner walls of the chimneys where they spend the night. Their claws are sharp, and the birds practically hang themselves upon the walls. The quills of the tail end each in a sharp spine, and this helps the tail can be braced inward against the wall, taking some of the weight from the claws, as it acts as a prop.

WHAT IS OFFERED AT THE THEATERS.

Tonight will close the fine vaudeville program at the Opera House and a new photoplay for today only is Will Rogers in "An Unwilling Hero," adapted from O. Henry's "Whistling Dick's Christmas Stocking." Monday an all new Keith bill will be featured with the photoplay, "Little Italy," starring Alice Brady. Special bargains to ladies for the Monday matinee will be offered.

"Get-Rich-Quick" Wallingford, the famous stage comedy, is showing for the last times at Keene's tonight. Monday and Tuesday Katharine MacDonald in "Stranger Than Fiction," is Keene's feature. This story features the great little star, Wesley (Preckles) Barry, also.

Marie Prevost in "The Dangerous Little Demon," is the feature at the Auditorium tonight, also a Century comedy and the Vitaphone chapter thriller, "Fighting Fate." Monday Elaine Hammerstein in "Handcuffs or Kisses."

The Orpheum Theatre announces a return engagement of the Matinee Stock Company at that play house for the week commencing Monday, April 3. For this engagement three entirely new plays will be presented. "An American Girl" will be the opening bill for matinee and night Monday. Miss Hammond will be seen in the title role and Mr. Matinee will be seen in one of his best comedy parts. Miss Belgrade, Mr. Martin, Mr. Corbin and other favorites will be in the cast. "An American Girl" will be presented Monday and Tuesday with matinees daily. Feature pictures will be run in connection with the drama and the pictures will be changed daily.

LAKE HILL.

Lake Hill, April 1.—Mrs. T. G. S. Hooke has returned to Wildwood Farms, Lake Hill, after being away since October in Jamaica, B. W. I. Mr. Hooke who is manager of the United Fruit Company's Hotels, the Myrtle Bank at Kingston, and Hotel Titchfield at Port Antonio, reports a very busy season. There were not as many folks from Kingston and district in Jamaica this year as last. Mrs. Hooke will open Wildwood Farms for the season on Decoration Day. Work is progressing on the nine hole golf course, and it is hoped to have it in operation by the time Mr. Hooke arrives in July.

TWENTY AND TEN YEARS AGO.

April 1, 1892.—Isaac Clearwater died on Clinton Avenue, aged 86 years.

William W. Bond bought Freer livery on Broadway.

April 1, 1912.—Knights of Columbus decided to buy Burhans lot at Broadway and Andrew street on which to erect a building.

Announcement made of marriage of Miss Ida Brink and Frederick G. Turk, both of Kingston, at Buffalo.

Mrs. John Redigan died on Gill street.

Anthony Mooney died on Downs street.

Conclusion Gravely Reached.

James was playing in the back yard. A dog belonging to a neighbor came into his yard. James tried repeatedly to make friends with the dog, but the dog would only bark and snarl when he came near. Finally the child turned to his mother and said, "I don't think that dog shows the right spirit."

KIWANIS CANADIAN WEEK APRIL 2-8

Even More Cordial Relations With Northern Neighbor to Secondary Aim of International Organization With a Club Here.

Better commercial and social relations between the Dominion of Canada and the United States is the goal for which 42,000 members of the Kiwanis Clubs in North America will strive from the 2nd to the 8th of April inclusive. To attain this object, the 719 clubs will receive the hearty cooperation of Chambers of Commerce, churches, schools and Boy Scout organizations in a gigantic 7-day celebration and the number of people taking part will mount into the millions. There will be dinners, speeches, public processions and a general get-together spirit between the business men of both countries during the entire week.

The purpose of the gathering will be to help Americans and Canadians to understand one another's needs and needs. In the cities where the celebrations are to be held, Canadian speakers will address American clubs and American speakers will address Canadian clubs.

This international celebration promoting that feeling of international comradeship upon which must be predicated all our hopes for future peace, is the most noteworthy of many blows struck by Kiwanis at narrow sectionalism.

The first work of a Kiwanis Club is to promote the best interests of the community in which it exists, but there is a second and not less important feature of its existence, namely, promotion of good feeling between cities, states, provinces and countries so that in the end the international amity for which we are striving shall be accomplished.

START TO CONDEMN LANDS FOR ROAD

The existing provisions of the state highway law as they relate to condemnation of land required for state highway purposes is being invoked by the board of supervisors' committee on securing rights of way for two small parcels of land in the town of Marlborough, and application for the appointment of condemnation commissioners will be made to Judge Fowler at the opening of county court on Wednesday, April 12, according to notice and its pendens which have been filed in the Ulster county clerk's office by County Attorney John W. Eckert.

The two parcels of land which the supervisors' committee seeks to acquire by condemnation for state road purposes are owned by Jeremiah A. Driscoll and Mary C. Driscoll, his wife, which is designated in the petition as Parcel No. 1, and by Absolom J. Booth and Emma C. Booth, his wife, which is designated in the petition as Parcel No. 2.

Parcel No. 1 contains .016 of an acre and in the judgment of the supervisors' committee has a value of \$125. Parcel No. 2 contains .012 of an acre and in the judgment of the committee has a value of \$50. The parcels are needed for the improvement of State Highways No. 5,001 and No. 5,114.

The supervisors' committee in charge of securing land needed for highway purposes is composed of Supervisors John D. Fraisher of Saugerties, Robert F. Chadron of Saugerties, Walter C. Miller of Kingston city, Lee Lee Hirschhorn of Poughkeepsie, Daniel Shaw of New Paltz, and Elmer Elsworth of Ulster Park.

Y. M. C. A. ANNUAL MEETING MAY 8

The Y. M. C. A. of Kingston is planning an excellent program for its annual meeting which will be held Monday evening, May 8. The directors of the association are anxious to be able to make a most encouraging report of the previous year's work. The fiscal year of the association runs from April 30th to April 30th. The month of April will be a busy month as directors and workers are anxious to give all an opportunity of having a part in this work, by the way of subscription or membership, in order that the year may be closed without a deficit.

The citizens of Kingston have always responded well towards the support of the Young Men's Christian Association. While there has been a steady increase in memberships and it will likely continue there is always many subscriptions needed to make up the difference of the membership and rental receipts and the actual current expense of the association.

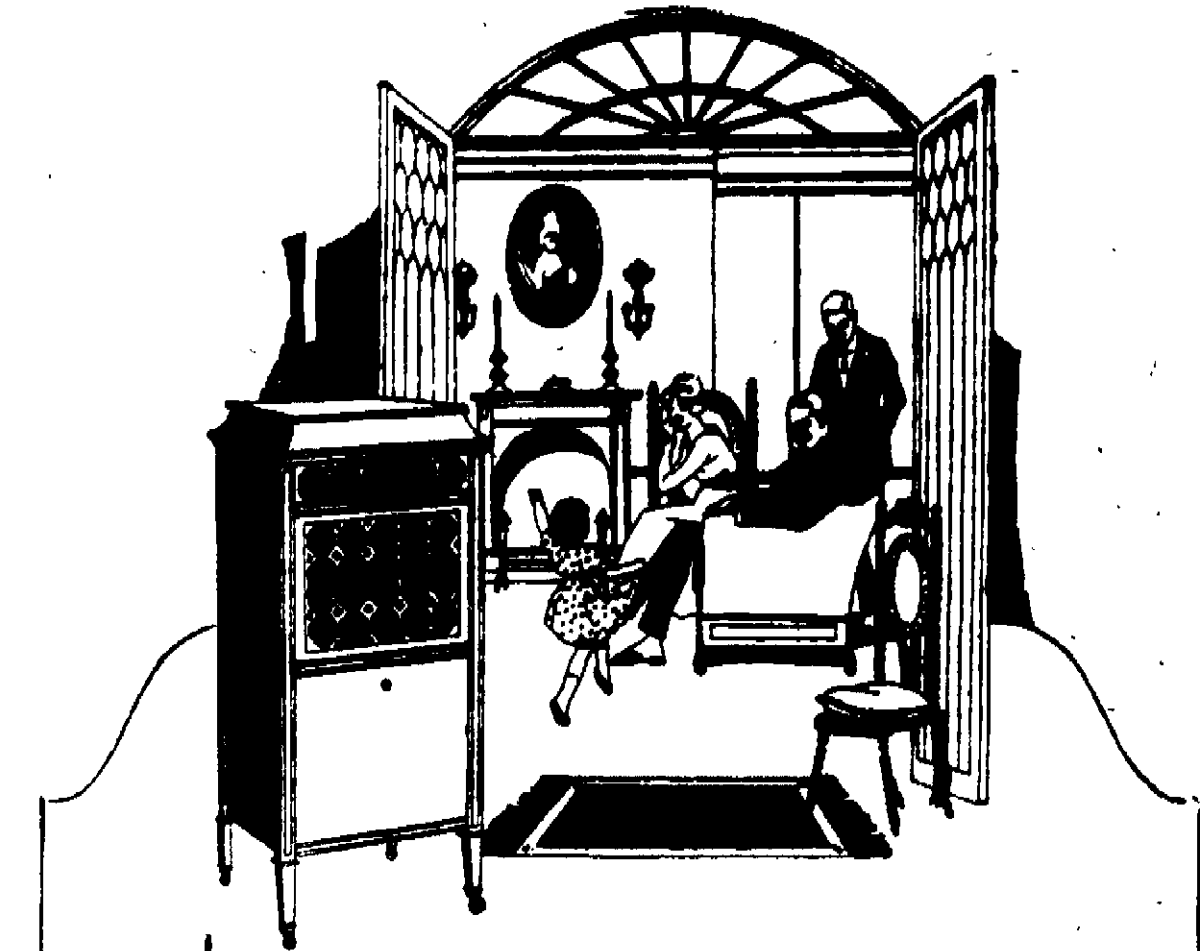

BENEFIT GAME AT ARMORY TUESDAY

At the local Armory on Tuesday evening the Colonial Big Five and Saucierites will take the court and stage what should be one of the most interesting games of the season. The teams are evenly matched. The proceeds will go toward the American Legion fund to erect a camp for ex-service men at Tupper Lake. The game will start promptly at 8:30 o'clock. Dancing will follow, music by Balfe's Orchestra.

Crossing Hearing Denied.

By Telegraph to The Freeman Albany, April 1.—The Public Service Commission today denied an application by the town of Plattekill, Ulster county, for a re-hearing upon an order made recently in the matter of the protection of the Modena crossing of the Central New England Railroad tracks in Plattekill. The commission holds that sufficient grounds have not been urged for a reopening of the case.

Too Busy Otherwise. Self-made men always seem to forget about doing the right kind of a job on their looks.

The Glad, Gay Hour

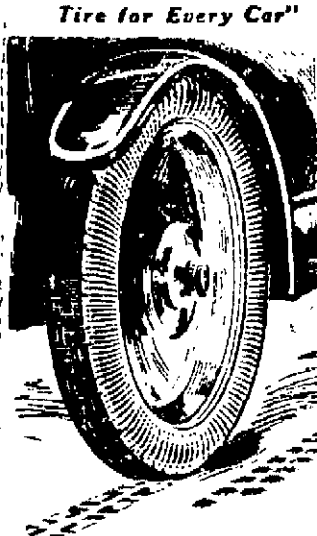

- Right after the evening meal comes the hour of the family. The kiddies have their final romp. Father escapes from his world of business. Mother sits down to enjoy her loved ones.
- Does music play a part in this hour in your home?
- Children love music, better if anything than stories. A merry song—a rollicking dance (how the little ones prance and skip!)—a beautiful idyll! Music is the magical stimulus of gladness.
- You owe a duty to your children; the same duty in music as in literature. You know that they love good stories, and you try to see that the stories which they read are good stories. You know that they love music—it is your duty to see that they hear good music, properly rendered.

Origin of a Marriage Trouseau.

One of the earliest evidences of out-
fitting for the wedding is found in
Genesis in the story of Abraham's
servant Eliezer bringing handsome
jewels to Rebecca as a seal to the
marriage compact. A trace of the cus-
tom may be found among the early
Fiskins, where the bridegroom must
supply his bride with all the clothes
necessary for the "honeymoon." In
Rumania, clothes and shoes are a very
important part of the gifts to the
bride. Largely from the customs prac-
ticed in this latter country, but also
from Italy, Sweden, and Greece, the
idea of the marriage trousseau sprang.

Essential to Health.

The best part of health is a fine dis-
position. It is more essential than tal-
ent. Nothing will supply the want of
sunshine to peaches, and, to make
knowledge valuable, you must have the
cheerfulness of wisdom.—Ralph Waldo

Origin of Stilton Cheese.

Stilton was first made in the
Eighteenth century by a woman
called Pawley, who lived at Stilton,
on the road from London to York.
She sold the cheese to a local inn-
keeper, and his lurching guests spread
its merits.

MONDAY—"HANDCUFFS OR KISSES"

"FAMILY TREES"
COMMON HEREPostmaster William C. DeWitt has
a rival in straightening out "family
trees." Not long ago Mr. DeWitt re-
ceived a communication from Hon-
olulu asking him to straighten out
and secure the necessary credentials
for a descendant of an old Ulster
county family so that she might
become a member of the D. A. R.
Mr. DeWitt felt very proud of this
matter, but Mrs. T. D. Lewis, regis-
trar of Wiltwyck Chapter, D. A. R.,
has the postmaster backed into a
corner when it comes to tracing
"family trees." For a long period of
years she has been registrar for
Wiltwyck Chapter and during that
time has been called upon to se-
cure necessary proofs for descen-
dants of old Ulster county families
in practically every state in the
union as well as Alaska, Canada
and Mexico and is now busy on a
case from North Dakota. A Mr.
Keator, whose daughter is anxious
to join the Dakota Chapter of the
D. A. R., has requested necessary
proofs and Mrs. Lewis has suc-
ceeded in straightening out the missing
data and the D. A. R. will have a
new member.These requests come from all
over the United States. Ulster county
one of the oldest settled sections in
the country and the "hot-bed" of the
American Revolution naturally has
great many families with eligible
for membership in the D. A. R. For
years these families have scattered
all over the country and from them
come the requests to look up missing
data from the Ulster county records.TO SELL TICKETS TO TAKE
K. H. S. NINE TO GLENS FALLS.Monday the 1922 baseball squad of
the high school will canvass the busi-
ness men in order to sell enough sea-
son tickets to assure the team a trip
to Glens Falls this season. Glens Falls
has written repeatedly for a game,
with Kingston High School's baseball
team to be played at Glens Falls, since
the reputation of the championship
teams of Kingston has spread far and
wide. Glens Falls has one of the best
up-state high school teams with the
picking end of the game being up-
held by a man who is acknowledged
as a "no-hit" man, since he has
pitched several games without the op-
posing teams even getting a hit.The canvass will also be made by
the captain, Canitz, the manager,
Schantz and the coach.NOONDAY LENTEN SERVICE
AT ST. JOHN'S CHURCH.Beginning next Monday, there
will be a brief daily noonday Lenten
service at St. John's Episcopal
Church on Wall street, to which the
public is given a cordial invitation
to be present. The service will be
from 12:05 p. m. to 12:25 p. m.
every day except Saturday during
next week and Holy Week, and will
consist of one or two familiar hymns,
prayers and a brief address. It is
hoped that this noon-day service
will make it possible for many who
either are employed in the business
section of town or are in that vicinity
to attend at least one Lenten ser-
vice a day during the last two weeks
of Lent. The pastor, the Rev. Ed-
ward M. H. Knapp, will officiate at
these services.

The Most Beautiful Car in America

A Luxurious Five Passenger Coupe on
the Chassis that Masters the HighwayREAL closed car comfort starts with a chassis—not
merely a body. There must be ample power in the
motor, a long solid frame, elastic spring suspen-
sion and perfectly balanced construction of every
mechanical unit.That is why the 6-66 closed models are supremely fine
motor cars. They are equipped with a mighty engine of 70
horse power and a chassis 131 inch wheel base that rep-
resents the last word in six cylinder engineering.One ride will convince you that the 6-66 is, indeed, the
Master of the Highway. It will show you that a fine
mechanical foundation is essential in any car—closed or
open. And you will be surprised and delighted to learn
that the new prices range from \$2195 up.

METHODISTS BACK SEVERITY TO WETS

Laymen, On Anderson Proposal, Com-
mand Judge Morschauer, Who
Imposed Jail Sentences—New
York Conference Ministers Invite
Laymen To Sit With Them.

A sharp passage between William H. Anderson, state superintendent of the Anti-Saloon League, and Charles P. McClelland of Dobbs Ferry, United States appraiser and former state senator, marked the session in Poughkeepsie, Friday, of the Laymen's Association of the New York Methodist Conference.

The exchange followed a speech by Mr. Anderson in which he praised Justice Morschauer for enforcing the Eighteenth Amendment and suggested that the laymen pass a resolution commending him. Mr. McClelland argued that to thank publicly a judge for the performance of his duty was equivalent to saying that he had "surprised the people by doing the right thing."

"It is not a matter of good taste," he declared, "to pass upon judicial action. When a public official takes the oath of office it is assumed that he will perform his duty. A righteous judge will never be misnamed."

Mr. Anderson, who is a member of the association, said in urging the resolution: "Justice Joseph Morschauer of this city, when holding court in my own county of Westchester, announced a policy and established a precedent of giving a man who violated the Prohibition law a jail sentence. Most judges are conscientious, but human and unconsciously reflect public sentiment. It is only fair to record as worthy of commendation the attitude taken by your citizen Justice Morschauer."

He attacked some of the judges for their "lax manner in enforcing the prohibition laws," and quoted the declaration of Justice Morschauer made at White Plains that "they may put these things over in the courts of New York city, but not in my court."

In spite of Mr. McClelland's protest, the association passed the resolution without a dissenting vote.

The anti-saloon chief also made a speech before the ministers. Bishop William F. Anderson of Cincinnati, who is presiding, said in introducing him:

"I greeted him as 'Cousin William.' We have agreed that, both being Scotch-Irish, we may be related, and I would be glad to know it is true. The work he is doing is not a mere matter of prohibition. It involves the very life of the nation."

"Prohibition has not failed," Mr. Anderson told the ministers. "The wets are trying to make it fail and make you think it has failed, so that you will quit. Then, and then only, it will fail."

"Governor Miller has made good on his promises to the public to favor the enactment of a state enforcement code in harmony with the federal code. The whole matter now hinges on defeating the wet plan to capture congress."

"It is legitimate for opponents of prohibition to try to repeal the prohibition amendment, but to try to repeal or ruin the law that makes the amendment operative is nullification and a conspiracy to defeat the constitution."

"We must make it clear to wet newspapers that we see this and understand what they are doing. When wets threaten murder in the same general terms as the editorials of nullification newspapers, it is time to call a halt."

For the first in the 123 years of the conference, a body of Methodist laymen will sit officially with the conference today.

The invitation was extended Friday in Trinity Church by the Rev. Dr. Ezra Stipple, President of Drew Theological Seminary, Madison, N. J., who was deputized by the ministers to do so. Thirty laymen were chosen to represent the entire body in meeting with the ministers.

For several years laymen have been clamoring for admission into the local conferences. A number of years ago the New York Conference voted not to receive them. The step taken today, it is said in some quarters, will result in time in equal representation.

The laymen devoted most of their session to launching a campaign to increase the endowment fund for retired ministers to \$600,000. At present it is \$200,000. Daniel W. Wilbur, former mayor of Poughkeepsie, said that if the rank and file of members of Methodist churches in the conference would give their quota, which is \$1 apiece, he and other officers of the Laymen's Association would go out and obtain big gifts to raise the endowment to \$1,000,000.

On motion of C. Edgar Anderson, of St. James's Church, New York City, the association unanimously voted for an "intensive campaign to be conducted during the present year in every church within the conference."

By special request of the ministers, the Rev. Dr. Ferdinand C. Igohart of New York city, author, lecturer and preacher, presented to the conference his son, the Rev. Edwin T. Igohart, who is home on a brief furlough from Japan, where he has been a missionary for eighteen years. The aged father wept as he told of the joy it gave his wife and himself to know that they had two "boys" as missionaries in Japan. Bishop Anderson embraced both father and son.

Friday afternoon was given over to anniversary exercises by the Women's Home Missionary Society and the Women's Foreign Missionary of the conference. An address was made by the wife of Bishop Anderson. She told of the Esther Home in Cincinnati, of which she was the founder, and said that there were now Esther homes in five other cities for self-supporting young women.

The annual meeting of the Ministers' Wives Association was held in Hedding Church, followed by a luncheon. Seventy-five wives, widows and daughters of ministers attended. Mrs. Charles S. Oakley of Monroe was elected president to succeed Mrs. Hart S. Fuller of Goshen. The wife of Bishop Anderson was the guest of honor and was made an honorary member of the association. Each wife arose, told her name and where she lived. Then the wives were seated according to the months in which they were born, but not the years. Each received a card on which to inscribe the day of her birth and all will be "showered" with postal cards of greeting on their next birthdays.

Recent Deaths and Funerals of Persons in This Vicinity.

George Simons died in this city this morning. The body is at the Grogan funeral parlors. Notice of funeral later.

Mrs. Luke McCarthy, one of Saugerties' oldest and much respected residents died at her home on the South Side. Suffering, Friday morning. Five sons survive her, John, James, William, Edward and Sylvester.

Edward Storrs Alwater, aged sixty-nine years, for thirty years president of the Farmers' and Manufacturers' bank, at Poughkeepsie, died at that city Friday after a long illness. He was a graduate of Yale University, and twice a candidate for state comptroller.

David Cummings, Sr., died at his home, No. 714 59th street, Brooklyn, this morning, following a brief illness. Mr. Cummings was a resident of this city for many years and his many friends will be saddened to hear of his sudden death. Since leaving here he has been engaged in the transportation business with his son, in New York City. Besides his wife, who before her marriage was Mary Heaney of this city, he is survived by five sons, David, Leo, James, Joseph and Edward, also four daughters, Mrs. William Seft, Mrs. John Hammer, Lorelia and Angela. Funeral services will be held from the late home on Tuesday morning and from the church of Our Lady of Perpetual Help, where a solemn Mass of requiem will be celebrated for the repose of his soul. Interment will be in the family plot in St. Mary's cemetery, this city, on Tuesday afternoon, upon the arrival of the 2:15 West Shore train.

BESSIE SUTTON AWAITS BAIL

Belle Ayre Woman Among Those Named in Sealed Indictments—Has Recovered From Mercantile Poison Which It Is Charged She Also Gave to Child.

Sheriff Kolts has been busy notifying persons against whom sealed indictments were presented by the last grand jury and against whom bench warrants have been issued to come and give bail or take the alternative of being locked up in jail. Among those who have given bail before County Judge Fowler and the district attorney and released to appear in county court are:

Earl Rhodes of Highland indicted for receiving stolen goods, first degree. Rhodes is charged with receiving a number of stolen automobiles he being a garage owner in the town of Lloyd.

Herbert Collins, indicted for burglary in the third degree, in being one of a sextette arrested early in January for breaking into a candy store of a man named Conn and stealing goods.

Alfred Burzee indicted for grand larceny in the first degree growing out of the taking of an automobile.

Bessie Sutton indicted for assault in the first degree, in trying to cause the death of her seven year old child, and to kill herself by taking a chloroform tablet and forcing her child to take one. The crime is alleged to have been committed about January 15 at Belle Ayre, town of Hardenburgh in the Dry Brook Valley, where the Sutton woman also known as Belham was employed by a Mrs. David Fairbairn. The woman and child were very ill for some time but recovered. As she had threatened to commit suicide by drowning a few days before the taking of the chloroform tablet it was thought she was of unsound mind. She was taken into custody by Sheriff Kolts and brought to jail where she is awaiting bail.

STAMFORD PROVES EASY PICKING

For High School Varsity—Girls Win Close Game From Alumnae and Senior Boys Win Class Championship.

The girls vs. the alumnae furnished the only real excitement Friday evening when the high school girls' varsity won a close victory over the alumnae, 7 to 5; the boys won over the Stamford crew without the slightest difficulty, 60 to 8.

The girls resorted to barbaric methods in their game in that they used, exclusively, the rules governing the style of play of boys' games. The varsity was minus the support of three of the regulars, since the Misses Byrne, Rodgers, and McLaughlin warned the side lines so that the substitutes might exhibit their ability. Miss Van Vleet saved the high school girls from almost complete annihilation with her four free throws. Pauline Van Wakenen and Helen Carroll brought the alumnae up to within one point of the finale.

Stamford-Kingston.

One redeeming feature of the second game was the fact that the Kingston boys held the Williams High leads to a lower score than did Newburgh Academy, while they registered continually. Also, when Stamford played in Newburgh they were minus two of their regular lineup. The center, Hargreaves, is a brother to the famous Celtic player who only recently left the Originals.

The center position on the local team was a most fortunate position to play for "Whitey" Schmidt and Vogt scored ten points each while holding it down; Corrigan would have scored likewise had he been playing there long enough in the final period. It seemed that the fastest man on either side was Anderson. If a pass went wild it was recovered by Anderson; if an attempted shot at the basket was missed, it was made good by Anderson. Individually, Anderson made more push-ups of the leather than did anyone else, 14 in all.

It goes without saying that the Stamfordians are one plucky lot. Even though they knew at the end of the first half that defeat was imminent and once they strike their colors until the final second had passed.

Dillon is the speediest man on the squad and he is absolutely dependable when a snap pass is to be made; he caught one field from the floor, which was the result of long aggressive spurts toward the goal. However, at complimentary shooting he is not very good, or else his rabbit's foot was in his satchel, for he only made two out of a possible eleven. Ostermae, Kutzo and Hargreaves are not the mainstays of the team, at least last evening's showing did not prove anything. Perhaps it was the unusual court upon which they were playing.

First Quarter.
The game started at 9:58. Immediately with the initial loss of the ball into the air by the referee a foul was called on Williams. Bott missed his chance to score and Schmidt followed it up with a two pointer. Leonard was caught traveling with the leather and Bott missed the foul. Soon after Bott made good one of the free tries and Schmidt made a field goal and the tally stood Kingston 5, Williams completely frozen. Dillon then tallied up with one point. Bott made one. Dillon his second foul. Schmidt a field, Leonard a field and the quarter blew off, Kingston 8, Williams 11th 1.

Second Period.
Bott started things off by missing two foul shots. Dressel retrieved the ball, made a field and tore about breaking up the visitors' offense. Then Barker waxed frisky, making a field. Dillon was then put in a retaliatory frame of mind and scored with a field. In machine gun order Anderson and Schmidt each tallied a field. The scoring went on unhampered as far as Kingston was concerned and the half ended 28-6.

Last Half.
The first time was started in this period. Vogt was the new man in at center. Each time, counting four toss-ups, he knocked the ball to one of the forwards, darted in under the guarding of his opponent and made a field. Leonard made the field which gave the visitors their final point, making their bit 8. Rowland made a field and Vogt also made one, bringing the score up to 40 to 8. The fans were by this time tickled to see the Kingston High School lads

register so easily and their lust for more and more points was as great as the miser's lust for gold. Murphy, a new player in the game, caused a field to be made; his scoring was done twice in succession. Then Anderson, Mac Fadden, Anderson and Corrigan brought the score up to the final mark.

Friday afternoon the Senior boys basketball team won the championship of the boys' inter-class league by defeating their arch rivals, the Freshmen, 36 to 20.
